WHAT IS IT.....

**A performance event**

An evening of freestyle music making, led by and for musicians, teachers and music workshop leaders.

A chance to perform your own music and arrangements and hook up with other players of different genres.

Come and perform, collaborate, sit back and relax or feverishly network.

Invite your friends and families.

If you play or sing classical European or Indian music, South African Jazz, hip-hop, Cumbrian folk, r&b, blues, metal, plainsong or anything else there is space for you.

*An opportunity to throw your creativity into the mix in a friendly atmosphere.*

**Free entry plus free food and soft drink. Bring a bottle if you like.**  
*(See page 2 for directions)*

The Play Station has various rehearsal spaces and will be open from 12 noon with PA set up and engineer on hand if you want to come early, meet other musicians or prepare something.

The evening is set up to give us a chance to take our own music forward, and take risks if we want to, away from the pressure of students or public performances. Covers & backing tracks to be avoided if possible.
